

IF IT HAPPENS IT'S HERE

STALL ROOM IS SCARCE AT OGDEN

Stables Doubled and All Filled
With Horses for Com-
ing Meeting.

(Special to The Herald.)

Ogden, April 30.—The greatest trouble Manager Murray has had to contend with up to the present time is the placing of stalls for the horses coming from all directions to the Ogden race track. The wires have been kept hot informing shippers by the railroad that the management was unable to give them stall room excepting those that have been previously arranged for.

There are now at the race track 286 stalls, which includes 117 new ones that have been built by the association. There is also a large tent which holds twenty-six additional horses, and all the stalls close to the track are taken up by the thoroughbreds.

Mr. Murray left this morning for Salt Lake to make arrangements with the Bannockburn road to have a car loaded so that horses can be shipped from Salt Lake to the course here and return the same day; this car will be coupled on to the regular special making the round trip daily.

As this meeting is under the sanction of the Pacific Coast Jockey club which is affiliated with the New York Jockey club and the Western Jockey club, all owners, trainers and jockeys who are in good standing with the reputable racing associations will not be allowed to participate in any of the races.

A car of nine horses from Bozeman, Mont., arrived today, including L. C. Williams, Belle Brady, Billy Taylor and Wheatstone. Jim Blanton sent two, Ontario Oregon, which is a very fast sprinter, and Monia Cameron. Tom Lynn has Otto Prince, Baltimore Daily.

The well known jockey, Frank Otis, arrived today, as well as jockey W. Mander. Otis can do 108 pounds, and Mander 102. When these two boys are at the top-notchers.

T. Rathman has sent that good horse Sam Barber, which is a horse that can go in any kind of going and won a great many races in Montana, Utah and California last fall.

Jockey Piper was up and about today, not, however, entirely recovered from the accident which befell him yesterday. It is a remarkable thing how young boys can be thrown off horses, knocked and kicked around and recover in a few days.

John Shaumessy left for Salt Lake this morning on business connected with the Ogden racing association.

GAME ENDS IN SQUABBLE

Umpire Stephens Gives High School
Contest With All Hallows by
9 to 0 Score.

The game between the All Hallows and High school in the high school series yesterday afternoon ended in a squabble. The All Hallows team left the grounds, and Umpire Stephens awarded the game to the High school by a score of 9 to 0. The game was played on the High school campus.

The trouble which disrupted the game arose in the last half of the eighth, when the score stood 7 to 6 in favor of All Hallows. The catcher threw to first, and the ball disappeared over the heads of the spectators. The two men on bases scored. The catchers contended that the ball was dead and refused to continue. Umpire Stephens ordered the game to be called, and the All Hallows team left the grounds, and Umpire Stephens awarded the game to the High school.

Speaking of the decision, Umpire Willard Stephens said last night: "I ordered the game to be called, and the All Hallows team left the grounds, and Umpire Stephens awarded the game to the High school by a score of 9 to 0."

Umpire Fred Monahan was not working on the bases at the time, so he made no decision.

The game had been well contested. Until the sixth inning the red and black lads were unable to find the college pitcher, but in the sixth and seventh they rallied, bringing in six runs.
